

Computer Science Discoveries Course Syllabus
Bernheim Middle School
Teacher: Mrs. Karla Elliott
email: karla.elliott@bullitt.kyschools.us

Course Description: Computer Science Discoveries (CS Discoveries) is an introductory computer science course that empowers students to create authentic artifacts and engage with computer science as a medium for creativity, communication, problem solving, and fun. The course takes a wide lens on computer science by covering topics such as programming, physical computing, HTML/CSS, and data.

Supplies: earbuds or headphones

Grading Policy:

Students will receive grades for various portions coursework. This coursework may include projects, quizzes, participation, and daily assignments. Grade calculation will be based on total points earned. Assignments must be submitted in a timely manner. Assignments not submitted within a 2-week grace period after the due date will not be accepted.

Grading Scale:

A	90-100%
B	80-89%
C	70-79%
D	60-69%
F	0-59%

Expectations: Students must only use the computers for school-related activities. It is every student's responsibility to take proper care of the classroom technology equipment. Any student who damages technology or who knowingly accesses unauthorized material will be held accountable. It is expected that students will follow The Bruin Way: Be Responsible, Be Respectful, Be Safe, and Be Here.
